

INSTITUTE *for* EVIDENCE-BASED CHANGE

Student Equity Plan Webinars

Assisting California's community colleges in developing, managing and evaluating student equity plans, the Institute for Evidence-Based Change (IEBC) presented a series of webinars, starting in 2014. They focused on the engagement necessary to develop and complete the plan; learning to manage, monitor and assess your student equity plan; implementing student equity and student success plans; and getting the story right in reporting completion outcomes.

- **Student Equity Plan Webinar Part One**

This one-hour free webinar for California Community Colleges focused on what it takes to engage in developing and completing your Student Equity Plan.
